- The average NYMEX price for July – September 2014 - \$4.051/MMBtu
- The average NYMEX price for July – September 2008 - \$10.23/MMBtu

Electrical Restructuring – Oklahoma is a monopoly state where all the customers served by the three utilities (PSO, OG&E & Liberty) must purchase their power requirements from their utility. Lack of competition is driving up prices. Studies show that in the monopoly states like Oklahoma, utilities cost have increased by about 21% since 2008. In the 14 free market states, which represent 1/3 of the U.S.’s power consumers, they’ve decreased by 7%. The value propositions are these: 1). Competitive Pricing and 2). Price Certainty, resulting in cost savings and predictability. Go to www.goaero.org to become one of thousands who have joined the coalition and are working to support greater cost savings, convenience, and choice in Oklahoma.

[Watch this short video from AERO about their work to end the electrical monopoly and deliver more competition and lower prices in Oklahoma.](#)

Crude Oil – WTI crude traded this morning at \$121.98 per barrel. Crude oil prices on Wednesday jumped up to a 13-week high because of increasing gasoline demand. They rose more than 2% while demand for gasoline keeps growing despite increasing prices at the pump. West Texas Intermediate crude for July delivery went up \$2.70 or 2.3% to finish the day at \$122.11 on the New York Mercantile Exchange. Global benchmark Brent crude for August delivery shot up 2.5% to \$3.01 and settled at \$123.58 per barrel on the ICE Futures Europe.

Energy News – OG&E . . . The effort to sell nearly \$1 billion in ratepayer backed bonds to be used in covering OGE Energy Corp’s February 2021 storm costs launched this week. The sale of the bonds will affect the utility’s 882,000 customers in Oklahoma and Western Arkansas. The customer mix is: residential 35%; commercial 24%; industrial 13%; oil field users 17%; and, 11% public authorities. ALL customers will be paying a premium for the next 28 years made up of \$739 million in bonds and \$307 million in interest. This is IN ADDITION to the \$164 million rate hike OG&E is seeking from the Oklahoma Corporation Commission.
